Background

In the spring and summer of 2018, for the fifth year, parents in Wayne County voluntarily completed a brief survey at the time they registered their child for Kindergarten. The survey was developed with input from Kindergarten teachers, school counselors and school administrators. A focus group of parents gave critical feedback on question wording and structure.

This report provides results for 599 parent surveys. In the 10 schools that participated, a total of 876 student were registered for Kindergarten. Across the 10 schools, surveys were completed for 68% of registered students. However, participation rates for individual schools ranged from 47% to 92%.
