## QUESTIONS FOR DATA DISCUSSION

1

Can you list the developmental changes and fundamental youth development that typically occur between the grade levels surveyed?

2

Make predictions about what impact COVID-19 could have had on your assigned grade-level cohort.

3

What do you notice about risk factor percentages for each grade level from 2019-2023?

4

What do you notice about leading risk factors for 6th graders? 8th graders? 10th graders? 12th graders?

5

What questions do you have that we should ask youth at our next Youth Leadership Forum?

6

What urgencies are you feeling looking at this data?
