- Wallace Foundation
- Harvard EdRedesign
- Celebrations & Plans for 2025-26

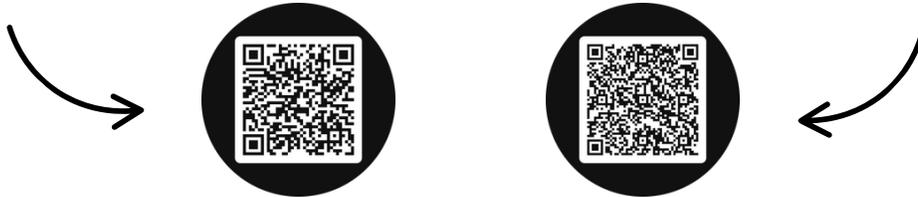

4:30 PM - Closure

Family Engagement Events in Every School District in Wayne County begin at 5:30 PM!

Does Everyone Know About You?

In the Spring of 2024, the Wayne County Partnership used meeting time to canvas agencies for program offerings. The goal is to maintain a constant awareness of what we are doing and build collaboration where we can through referrals, shared practices, and cooperative training. Are your agencies' practices listed and updated? Check out our resource list below, as well as the 2025 Wayne County Resource Guide from WBHN.

How Can We Help Each Other?

Use the space below to brainstorm the question: How can my agency's strategic plan be shared with the partnership, or how could the Wayne County Partnership help advance my agency's strategic plan?

In January of 2026, we asked our workgroups to adjust or recommit to their thematic goals and objectives. Below are the current thematic goals and objectives for each work group.

Community Schools Workgroup

The goal of the Community Schools Workgroup is to Develop projects that support holistic youth development and academic success in Wayne County.

Defining Objectives

Support Early Learning

Improve Attendance

Increase Career Awareness

Strengthen Parent Engagement

Organize Student Supports

Family & Community Workgroup

The goal of the Family & Community Workgroup is to develop projects that connect Wayne County families to wellness resources & pro-social opportunities.

Defining Objectives

Build Out of School Time Programs and Opportunities

Promote Pro-social Family Attachment to Local Neighborhoods

Encourage Healthy Family Relationships

Early Childhood Workgroup

The goal of the Early Childhood Workgroup is to develop and enhance literacy-based community partnerships and programs that prepare our youngest students and their families to make the vital transition into kindergarten.

Defining Objectives

Expand Parent Engagement around Literacy

Support Kindergarten Transition Teams

Improve Pre-K Attendance

Improve Kindergarten Registration Rates

Increase Number of Children Reading at
Appropriate Grade Level

Wayne Wellness Workgroup

The goal of the Wayne Wellness Workgroup is to Promote optimal health across Wayne County with special focus on children, youth & families while enhancing coordination of care to support emotional wellness.

Defining Objectives

Develop a Plan to Broaden Community Promotion & Prevention Efforts

Identify and Implement Evidence-Based and Research-Based Prevention Programs

Develop an Awareness Campaign for Professionals and Community on Social
Emotional Health & Wellness & Reduce Stigma

Outline a Plan to Strengthen Cooperation and Coordination Between Behavioral
and Community Health partners

QUESTIONS FOR DATA DISCUSSION

Before answering these questions, think about the changes young people typically go through between 6th grade and 12th grade using the ARCH model. How does attachment, regulation, competency and physical health develop? How do needs and abilities change?

- 1 What do you notice about leading risk factors for 6th graders? 8th graders? 10th graders? 12th graders?
- 2 What do you notice about risk factor percentages for each grade level from 2019-2025?
- 3 What questions do you have that we should ask youth at our next Youth Leadership Forum?
- 4 What urgencies are you feeling looking at this data?

Use the QR Code to answer these questions on our Padlet!

6TH GRADE

Risk and Protective Factors	N=	Wayne County	Wayne County	Wayne County	Wayne County
		6th Grade 2019	6th Grade 2021	6th Grade 2023	6th Grade 2025
		927	834	782	766
Lack Opportunities for Involvement in Comm		16.8%	29.4%	42.0%	39.0%

The Wayne Partnership maintains a collaborative environment where the Community Schools strategy can be effective.

The Community Schools strategy treats schools as resource hubs that “organize resources and voices for student success.”

It is a strategy that belongs to all of us!

How can we all use the Community Schools strategy better to meet students' needs? Use the QR Code below to reflect and share your thoughts!
